

TO: All Plumbing Contractors/Specialty Plumbing Contractors

FROM: Bob Rawlings
Plumbing Program Supervisor

SUBJECT: BONDING REQUIREMENTS FOR:
PLUMBING CONTRACTOR/SPECIALTY PLUMBING
CONTRACTOR

New bonding requirements have been approved by the Idaho State Plumbing Board and have been promulgated into the Rules and Regulations effective January 7, 1991.

Enclosed you will find a new bond form. This bond will be in effect for the term of your contractor's license. If it is a renewal this means from **January 1 to December 31**. If it is a new license the effective date must end on **December 31**.

In order for your plumbing contractor's/specialty plumbing contractor's license to be renewed, you must give this bond to your insurance agent and obtain verification of a bond for the calendar year of license. This verification must accompany your license renewal card each year when you apply for your license. You will note that this **bond requires a continuation certificate for each year**. Your insurance agent should provide you with that yearly so you can send it along with your license renewal.

Remember, the bond must be issued in the **name of the licensed individual**, not in the name of the plumbing company.

If you have any questions regarding this, please call me at (208) 332-7143.
